

Call for nominations for the

Ronald & Suzette Magenta Award

Each year on the 26th of January, Ronald Eissens' birthday, we put out a call for nominations of organizations that are committed to **Bringing the Online In Line with Human Rights.**

Submissions should come with a *cover letter**, in which the nominator explains why the work of the person and/or organization stands out and is innovative in contributing to Bringing the Online In Line with Human Rights.

* Please fill in the **Questions on Page 2** for a perfect cover letter.

Jury members can also submit candidates. Employees of organizations or individuals cannot nominate themselves for the award.

Nominations are not restricted to INACH-members, however, this does not mean that INACH-members cannot be nominated: of course they can.
